PERSONAL DETAILS

DOB 26 September 2004

Nationality Myanmar

Gender Male

EDUCATION

University of Greenwich
BSc (Hons) Computing
Duration: Jul 2025 – Present
Status: Final Year — In Progress (Result Pending)

NCC Education
Level 5 Diploma in Computing (IT)

Duration: Jul 2024 – Jul 2025
Grade: A

Key Distinctions:

- Computer Project
- Database Design & Development
- Dynamic Websites
- Information System Analysis
- Agile Development

Key Merit:

- Network Security and Cryptography

NCC Education
Level 4 Diploma in Computing (IT)

Duration: Jul 2023 – Jul 2024
Grade: A

Key Distinctions:

- Computer Networks
- Computer Systems
- Databases
- Designing and Developing a Website
- Designing and Developing Object-Oriented Computer Programs
- Office Solutions Development
- Skills for Computing
- Software Development Techniques

KYAW MYO HTAY

OBJECTIVE

Dedicated and adaptable Computing student with practical experience in web development, mobile application development, database design, and system analysis through academic and software engineering projects. Proficient in building responsive applications using modern technologies and applying Agile development practices, teamwork, and problem-solving skills. Eager to contribute technical knowledge and analytical abilities to a professional IT environment while continuing to develop expertise in software and business technology solutions.

EXPERIENCE IN PROJECTS

University Academic Portal — Vue.js & Laravel (Aug 2025 – Apr 2026)

Individual Final Year Project | University of Greenwich

Role: Full Stack Developer

Technologies: PHP, Laravel, Vue.js, Inertia.js, MySQL, Tailwind CSS, Vite, Git, GitHub, Stripe, PHPUnit

- Designed and developed a multi-user University Academic Portal for students, teachers, staff, and guests.
- Implemented registration, enrolment, grades, assignments, fee payment, timetables, attendance, announcements, messaging, and notifications.
- Delivered RBAC, relational database design, validation, GPA calculation, search, email verification, and responsive UIs.
- Integrated Stripe Checkout with webhooks; built queue-backed notifications and scheduled jobs for attendance alerts.
- Applied Agile DSDM (MoSCoW, timeboxing, usability testing); produced ER diagrams, use cases, sequence/class diagrams, test plans, and LESPI evaluation aligned with BCS standards.

EliteArticles — Annual University Magazine System (Jan 2026 – Apr 2026)

Final Year Group Project | University of Greenwich

Role: Team Leader & Backend Developer

Technologies: PHP, Laravel, MySQL, Blade, Git, GitHub, Jira, PHPUnit

- Led delivery using Agile Scrum, sprint planning, and coordination via Jira and GitHub.
- Built authentication, RBAC, contribution workflows, coordinator review, manager reporting (ZIP export), and faculty-scoped guest access.
- Designed relational schemas, ERDs, and validation; produced user stories, test plans, sitemaps, and class diagrams.

M-Hike — Native Android Application (Aug 2025 – Dec 2025)

Mobile Application Development Project | University of Greenwich

Technologies: Kotlin, Android SDK, SQLite, Material Design, XML

- Developed a hiking management app with full CRUD for hikes and observations and a layered SQLite architecture (repositories, CRUD).
- Built validation, confirmation screens, advanced search/filter, and RecyclerView lists with Material Design UI.
- Applied HCI principles using ConstraintLayout, themes, and navigation patterns.

M-Hike — Cross-Platform Application (React Native) (Aug 2025 – Dec 2025)

Mobile Application Development Project | University of Greenwich

Technologies: TypeScript, React Native, Expo, SQLite, Formik, Yup, React Native Paper

- Built a cross-platform hike app with file-based navigation, typed models, and a modular service layer.
- Integrated GPS, reverse geocoding, camera/gallery capture, and OpenWeatherMap on detail screens.
- Implemented validated forms and responsive UI for Android, iOS, and Web.

NCC Education
Level 3 Diploma in Computing (IT)
Duration: Jan 2023 – Jul 2023
Grade: A
Key Distinctions:

- Culture Studies
- Foundation Mathematics
- Introduction to Computer Science
- Introduction to Programming
- Study and Communication Skills

TECHNICAL SKILLS

Programming Languages

- PHP, TypeScript, JavaScript, Kotlin, Java, SQL, C#

Frontend Development

- HTML, CSS, Bootstrap, Tailwind CSS, Vue.js

Backend Development

- Laravel, Pure PHP, REST API integration

Mobile Development

- React Native, Expo, Android development, Kotlin

Database Technologies

- MySQL, SQLite, SQL Server, Room database

Software Engineering

- Agile DSDM, Scrum, system analysis, requirement engineering, UML

UI/UX & Prototyping

- Axure RP 11, HCI principles, responsive design, wireframing

Tools & Platforms

- Git, GitHub, Postman, XAMPP, VS Code, Jira

Networking & Security

- VPN, firewall, VLAN, RBAC, MFA, GDPR concepts

SOFT SKILLS

- Communication Skills
- Problem-Solving Skills
- Teamwork & Collaboration
- Leadership & Coordination
- Time Management
- Analytical Thinking
- Adaptability & Continuous Learning
- Attention to Detail

LANGUAGES

- English — Intermediate
- Myanmar — Native

Android Development Portfolio (Aug 2025 – Dec 2025)

Practical Projects | University of Greenwich

Technologies: Kotlin, Android SDK, Room, RecyclerView, Material Design

- Calculator: arithmetic operations, decimal input, validation, divide-by-zero handling, Toast feedback, and animations.
- Contact Manager: Room storage, RecyclerView, coroutines, DAO/repository pattern, and form validation.
- Image Viewer: gallery navigation, fade animations, and on-screen image counter.

Libraria — Library Management System (Jan 2025 – May 2025)

Graduation Assignment | NCC Level 5 Diploma in Computing

Role: Web Developer & Database Designer

Technologies: PHP, MySQL, HTML, CSS, JavaScript, Bootstrap, jQuery

- Digitized book, member, staff, borrowing, return, fine, and feedback workflows with admin reporting charts.
- Designed database schema with use cases, class/sequence diagrams, and functional requirements.
- Applied DSDM (MoSCoW, timeboxing, SWOT, risk management, LESPI); delivered testing and deployment planning.

SMCWorld — Social Media Campaign Website (Jul 2024 – Dec 2024)

Dynamic Website Development | NCC Level 5 Diploma in Computing

Role: PHP Web Developer

Technologies: PHP, MySQL, HTML, CSS, JavaScript

- Built public and admin interfaces with authentication, registration, contact forms, and search.
- Implemented CRUD, relational schema, responsive CSS, reCAPTCHA, and Google Translate integration.

Nature Explore — HCI Educational Tablet Application (Aug 2025 – Dec 2025)

HCI Project | University of Greenwich

Role: UI/UX Designer & Prototype Developer

Technologies: Axure RP 11, HCI Principles

- Designed a mid-fidelity tablet prototype for child-friendly nature learning (quizzes, maps, progress, parent dashboard concepts).
- Applied accessibility, cognitive psychology, and interaction design; produced user flows, sitemaps, and conceptual diagrams.

SELECTED ANALYSIS & DESIGN PROJECTS

Bright Care Health Ltd — Telehealth Platform Analysis | University of Greenwich (Sep 2025 – Dec 2025)

- Agile requirements, MoSCoW, stakeholder analysis, GDPR, privacy-by-design, RBAC, and BCS-aligned recommendations.

Wellcome Housing Association — Network Security Analysis | NCC Level 5 (Mar 2025 – May 2025)

- Risk assessment; VPN, firewall, DMZ, IDS, MFA, encryption; mitigations for Log4Shell, SQLi, phishing, and ransomware.

Infinity Games — Information Systems Analysis | NCC Level 5 (Sep 2024 – Dec 2024)

- Methodology comparison; CATWOE, Rich Picture, PEST, and business process modelling.

GeekUp — Agile Development Planning | NCC Level 5 (Jan 2025 – Apr 2025)

- DSDM planning, user stories, timeboxing, UML, MVP, and proof-of-concept for mobile trading platform features.

Gotham City College — Hybrid Teaching Network Design | NCC Level 4 (Jan 2024 – Apr 2024)

- VLAN/WiFi 6 topology, VPN, security controls, and scalable campus infrastructure planning.

LICENSES & CERTIFICATIONS

CREATIVE CODER MYANMAR CERTIFICATIONS (SOFTWARE DEVELOPMENT TRACK)

Vue + Laravel Full Stack Development (Oct 2025)

- Developed full-stack web application skills using Vue.js and Laravel framework.

Git & GitHub Intermediate (Sep 2025)

- Practiced repository management and collaborative development workflows.

Git & GitHub Absolute Basics (Aug 2025)

- Learned version control fundamentals and GitHub workflow basics.

JavaScript DOM Basics (Jul 2025)

- Gained knowledge of DOM manipulation and interactive web development.

Programming Basic with JavaScript (Jul 2025)

- Studied JavaScript fundamentals and basic problem-solving techniques.

Web Development Foundation (2025)

- Learned core web development concepts and modern programming fundamentals.

OTHER TECHNICAL & COMPUTING CERTIFICATIONS

Programming Fundamentals (Java & C#) – KMD College (Jun 2024)

- Core programming concepts and object-oriented basics.

Practical A+ Certificate – KMD College (Mar 2017)

- Understanding of computer hardware, system components, and troubleshooting.

Intermediate Computing Certificate – KMD College (May 2016)

- Windows 7 system management and professional typing skills.

Elementary Computing Certificate – KMD College (Apr 2016)

- Basic computer literacy and operating system fundamentals.

ADDITIONAL ACADEMIC PROJECTS (NCC LEVEL 3–5)

Walmart Retail Sales Database (L5)

- SQL Server retail database: ERD, 1NF–3NF normalization, joins, views, and reporting queries.

Fitness Tracker Desktop App (L4)

- C# WinForms + SQL Server: MET calories, goals, CRUD operations, and DataGridViews.

McDonald's Restaurant Database (L4)

- SQL relational design for menu, orders, and ingredients.

K Camping World (RCC) (L4)

- Responsive HTML/CSS e-commerce website: catalogues, basket UI, W3C validation, YouTube/Maps/PDF embeds.

Fordley Car Parking Office System (L4)

- Excel VBA forms, mail merge, ERD design, and parking workflow analysis.

Connect 4 Game (L3)

- VB.NET WinForms: game logic, save/load functionality, and testing documentation.

Computer Systems Portfolio (L4)

- Windows 10 installation, drivers, troubleshooting, and maintenance documentation.
